### ***Client Notes for Daisy Boyes for 06/13/09:***

***Daisy's Weight: 10.19 Lbs***

Reprint Client Notes online up to 30 days past your visit at [www.thefamilyvet.net](http://www.thefamilyvet.net).

Your (case-sensitive) password is: Boyes

Daisy is maintaining her weight well at 10.19 pounds. She did not have enough urine for us to test today. Since she is uncomfortable with the urge urination (frequent trips to the litter box), we will go ahead with the oral antibiotics again. Discontinue the medication if she throws up or if any problems:

Rx: Clavamox Drops --- Give 1 ml by mouth twice daily as directed for urinary issues. Antibiotic. Keep Refrigerated and Shake Well...tnt

Please call with an update on Wednesday.

Follow-up based on update.

Note: other issues we may need to pursue later ---

\* Dental cleaning

\* Food trial for her weekly vomiting.
