Client Notes for Frosty Cooper for 06/13/09:

Frosty's Weight: 6.94 Lbs

Reprint Client Notes online up to 30 days past your visit at www.thefamilyvet.net.

Your (case-sensitive) password is: Cooper

Frosty lost a couple of ounces and is down to 6.94 pounds. The blood test confirmed worsening of his kidney failure. We gave the fluids and vitamins today as planned. We can start him on oral medication for the diarrhea if you are able to medicate him. Schedule another fluid treatment tomorrow; also will send home oral medication for the diarrhea if he starts eating and you are able to medicate him..tnt
