Client Notes for Countess Wilamena Vontmor Ward for

06/11/09:

Countess Wilamena Vontmor's Weight: 8.25 Lbs

Reprint Client Notes online up to 30 days past your visit at www.thefamilyvet.net.

Your (case-sensitive) password is: Ward

Mena is maintaining her weight well at 8.25 pounds. She has tapeworm segments around her anus (they look like sesame seeds). Her anal glands were small so the itching around her anal area is likely due to the tapeworms.

We dewormed her today and will give the second treatment in 3 weeks. Keep her on monthly flea control. Apply the Advantage after she is dried from her bath. If you need to bathe her between application, use Hylt shampoo.

Let us know if she continues to scoot or itches around her rear. If so, we may need to add on medication.

Unless problems, schedule a treatment appointment in 3 weeks for the second droncit treatment..tnt
