Precious gained almost 1/2 pound in the past year; she looks good at 8.32 pounds. Her general physical exam was fine. No problems noted with her ears and eyes. The slight eye discharge noted at home may be her eye's normal reaction / protection to environmental irritants (i.e. dust, hair, etc..). Monitor for now; her eyes seem fine today. if discharge worsens or if redness noted; we can pursue diagnostics. For now, clean eyes of dried matter as needed (if has to do several times a day, let us know). Her teeth are excellent. Lungs and heart sound good; no murmurs noted.

No fleas found.

She was excellent for her nail trim.

We updated her FVRCP vaccine on her right rear leg. Let us know if any problems or concerns.

Unless problems, we will see her in a year for her check up..tnt
