Sassy gained a pound in the past 3 weeks; she looks good at 3.19 pounds. Her ears and eyes are fine; no sign of infection. Teeth are fine. Heart and lungs are clear. No fleas found. We gave the second deworming and her next set of vaccines (FVRCP and FeLV). The vaccines were given on her left hip; let us know if any lethargy or soreness.

Unless problems, schedule a brief consult in 3-4 weeks for her next set of vaccines (FVRCP and FeLV)..tnt
